

Year 4 - Walliams Class

Welcome to Walliams' class page!

#successforall

Mrs Seddon & Ms Brown

Hello and welcome to Walliams class! Our names are Mrs Seddon and Ms Brown. We teach Year Four. We have both been teachers for a very long time and love working at Linacre.

In our leisure time, we both enjoy going to the gym. Ms Brown loves yoga and watching her beloved rugby team St. Helens. She is also a keen reader and loves going to the theatre. Mrs Seddon enjoys weekly spinning classes, gardening and playing the piano. She also likes movies and practicing her Spanish.

Homework

Homework projects will be given out the first week of term to be completed over the half term . This half term's project is outlined in the homework sheet found below! Please hand your projects in on the last Wednesday of the half term, your child can then present them to their class.

Reading

Please try to read each night with your child. It will really help them to progress in all curriculum areas. Your child will have a reading record for you to sign, please bring this into school daily, along with their reading book.

P.E/Swimming

P.E will take place on Thursday and Friday afternoons this half term - we are lucky enough to be taking part in 'Tackling The Blues' which is helping us keep our bodies and minds healthy! Please ensure that children have their P.E. kits on these days.

Our P.E kit includes the following:

- White polo shirt
- Navy blue shorts
- Black pumps

During the colder months children can also wear the following:

- Dark tracksuit bottoms
- School jumper

Swimming will take place in the summer term. Swimming kit is as follows:

- Swimming trunks - baggy shorts are not allowed.
- Swimming costume - no bikinis.
- Earrings & other jewellery are not allowed.
- Hats must be worn (school has a small supply).

If you have any questions please do not hesitate to come and see us at the end of the day!

Our class author is David Walliams. We currently reading "Bill's New Frock" by Anne Fine.

IMPORTANT INFORMATION: 2023 Multiplication Check

In June 2023, your child will be participating in a multiplication tables check; the purpose being to determine whether they can fluently recall their times tables up to 12, which is essential for future success in mathematics.

Please read the following document for further information, if you have any queries please don't hesitate to ask.
