

Homework Project

The Industrial Revolution

This topic is centred around the industrial revolution. Between 1760 and 1900 an Industrial Revolution took place in Britain. This was made up of technological, scientific and industrial innovations. The activities below are all project based and children should make their own decisions about how to present their work.

Completed projects should be returned to school by Monday 17th October 2022

Design or create a bridge to cross the River Thames ensuring you contain detail and information. Think about: What the bridge is used for i.e. people or transport? What materials would be used? What is the purpose of the different parts of the bridge?	4
In the area around our school, research what the land was used for before, and during, the Industrial Revolution? Were there new industries? Did transport make a difference? Was agriculture changed? Did the buildings change?	4
Design a flag for a new industrialised town. Write a paragraph to explain your design choices.	3
Name 8 inventions created during the industrial revolution and explain how they have evolved up until the present day.	4
Make a collage of the changes that happened between the 18th century and the 21st century.	3
